If you bike now, whether in Chesterfield County or other places, where do you ride for recreation or transportation purposes? (full responses)

Comment Number	Survey Response
1	"thru roads" - roads that lead to major areas; and back country roads. Route 10 (the entire length), Courthouse Road, Huguenot Road, Hull Street Road, Newby's Bridge Road, Chester Road, Genito Road, Salem Church Road, Hopkins Road.
2	1) Pocahontas State Park 2) James River Parks System 3) Cap to Cap trail
3	1) Pocahontas State park 2) Rockwood park 3) Neighborhood 4) The Fan 5) Shockhoe Bottom
4	1. Midlothian Mines Park 2. Shared-use loop around Woolridge Road Pond (Midlothian) 3. Shared-use paths along Grove Hill Road (in The Grove)
5	1. Pocahontas park 2. in our neighborhood
6	1. Virginia Beach - route between First Landing State Park and end of the boardwalk @ Waterman's, through neighborhoods back and forth, spending a full day; 2. Road from Big Meadows lodge to the store/restaurant at Big Meadows wayside on Skyline Drive; 3. Bike/walk trails in certain neighborhoods - Woodlake, Foxfire, Brandermill, and neighborhood between Woodpecker/Nash Road/Beech; 4. Shockhoe Bottom to Canal Walk along more isolated and protected areas to Brown's Island and roads near the river. 5. Near West End where there are sidewalks and neighborhood roads laid out in grids; 6. Pocahontas State park - but in this last location, trails for bikes are too rough for road/touring bikes and too short.
7	1. Chester convenience stores 2. Chester Village Green 3. YMCA 4. Bermuda Square - Lowe's area 5. Chester Linear Park
8	10-15 miles radius around my house
9	ACAC
10	Across the US and destinations abroad!
11	All are routes for round trip rides from home: including Riverside Drive, Cherokee Road, Old Gun Road, Winterfield Road, Coalfield Road, Lucks Lane Reams Road, Providence Road; also Turner Road, Walmsley Boulevard, Newby's Bridge Road, Courthouse Road; also Ironbridge Road, Whitepine Road, Belmont Road; also Elkhardt Road, Ruthers Road, Boulder Spring Drive, Jahnke Road, Buford Road, Hazen Road, Logan Road, Ben Nevis Drive, Stratford Road; also Old Bon Air Road, Robious Road
12	All of Chesterfield Co
13	All of the above choices I typically go are no safe for me to ride.

14	All over the metro area
15	Almost exclusively in my neighborhood. There are not even shoulders on Hopkins or Centralia so it is impossible to leave the area. A few times a year we'll take the bikes to a park.
16	along nash and beach roads to rt 10 and then to the county airport
17	Along River Road, Beach Road, Woodpecker Road, Skinquarter Road, Genito Road
18	around courthouse area
19	Around Curtis Street, Percival Street areas. Do not want to go where is much traffic to contend with.
20	Around home on back roads
21	Around my neighborhood - to the closest shopping center.
22	Around my neighborhood and in parks
23	around my neighborhood of Woodlake
24	Around my neighborhood, bike events around Richmond, public parks
25	Around my neighborhood, nearby shops for groceries
26	Around my neighborhood.
27	Around neighborhood
28	around our neighborhood for recreation
29	Around Richmond City on calmer streets and on day trips to well designed trails like Virginia Capital, High Bridge or Tobacco Heritage.
30	Around Salisbury and tarrington neighborhoods
31	around the neighborhood or less frequently we transport or rent bicycles and use a bike path like High Bridge Trail.
32	Around the neighborhood. Concerned with the bike riders on Otterdale Road, as the road is busy now and there is no "side" to the road for bikes to ride on. A paved bike trail along Otterdale Road would be a good idea. Better yet, a paved bike trail around the Swift Creek Reservoir.
33	around the Swift Creek Reservoir
34	Around West Creek Around Midlo YMCA In Gochland
35	Around Woolridge, Winterpock and Moseley
36	Ashland and Henrico
37	Ashland Hanover CH Rockville, VA Roxshire/Midlothian Carytown
38	Ashland Varina
39	At a park or school track No traffic
40	back roads - Branders Bridge Road, Whitehouse Road occasionally on Jefferson Davis in Colonial Heights because there is a sidewalk and shoulder room for a bike
41	Back roads with less traffic

If you bike now, whether in Chesterfield County or other places, where do you ride for recreation or transportation purposes?

42	Back roads. Mostly Bailey Bridge from Bayhill Pointe. Once I cross over Spring Run, the roads are wider and less used on Springford Pkwy. From there I can go South to Beach, River, etc. Also, I can ride the new bike lane (thanks) from Manchester HS to Crenshaw ES (and back several times) for some good hill workouts. I always feel unsafe on all but Springford Pkwy because of the narrow roads. Occasionally, I will drive to other locations in the County to ride by myself or to meet with others or to ride with the few RABA rides in the County. Obviously, the more protected from vehicles the better, but realistically I know that slightly widening some roads and constructing new roads wider is probably the best that I (and other riders) can hope for.

44	behind my house , on my land
45	Belle Island, Browns Island, fan area
46	Belle Isle, Pocahontas State Park, Buttermilk Trail, Northbank Trail, Powhite Park, Forest Hill Park, West Broad Street
47	Belle IsleJames River Park SystemMidlothian MinesAmerican Family FitnessQueens Mill
48	Benito, Otterdale, duval
49	Bicycle route 1
50	Bicycling is primarily recreation.
51	Bike Trail at WilliamsburgWoodland Pond/The Highlands subdivisionsPocohontas State ParkYork River State Park
52	Birkdale neighborhood, Pocahontas State Park
53	BOARD WALKS AND PATHS AWAY FROM TRAFFIC
54	Bon Air and Midlothian - for recreation and for transportation. In Bon Air, the County added sidewalks, but there are no crosswalks to allow safe crossing of Huguenot Road; no pedestrian walk signs; no safe way at all to cross either Huguenot or Forest Hill Avenues. Buford Road either, but not as problematic simply because it is not as many lanes of traffic and not as busy.Old Gun Road needs a wide shoulder. I use it to cross from Ramsgate to Duryea Road, needing to go only a very short distance but it is probably the most dangerous part of my entire ride: no shoulder, cars drive very fast, and curves that limit sight lines. It would be nice to ride down Old Gun to Reeds Landing and Cherokee Roads safely also.

74	Cap to cap and northern va - WO&D - The Mount Vernon Trail and many more. Also when I go there I spend money at food places and shop , since chesterfield does not have anything but a couple trails that are 1 mile long they miss out on others comming here to enjoy riding or running. They probably would be spending their money as I do in the north. It appears that the planners in the northern area have a little more insite into bringing people to the area increasing revenue here. I guess we will be planning for years before a decision is made. So many people want bike trails. They even have them in pittsburgh outer areas . They see the ability to bring revenue to the poorer areas. Wake up Chesterfield?

96	Chesterfield, Charles City. Henrico. Ashland, Powhatan, Varina and areas surrounding Richmond.
97	Chesterfield: Bike route 1Henrico: Three Chopt, River Road area
98	Chesterfield-within subdivision, too dangerous to ride anywhere in bon air because there is no place to walk or ride.OBX-All over, the place has great bike/walking paved paths.
99	City of Richmond
100	City of Richmond Parks
101	Coalfield RoadWalton Park RoadWoolridge RoadCharter Colony Parkway
102	Colonial bike trail. Safe and enjoyable. I have a big Trek bike and there is no way that bicycles and four wheeled vehicles can coexist on highways. Speed differences on Va. narrow roads are going to create death. You can't drive 35 mph on an interstate and you shouldn't drive 12 mph on a 45-55mph road with four wheeled drive vehicles either. Just not smart.
103	Colonial Heights High school (home) up to first dam below Chesdin using the undeveloped (FLOAR Trails) 18 - 20 miles round trip and 80% off-road along the Appomattox river. James River Park Richmond ~ Buttermilk / Northbank / Dogwood dell / Belle Island / Forest hills park. Pocahontas state park ~ great MTB trails but so/so scenery and limited technical stuff. Walthal powerlines and associated old ATV trails (Walthal to Mores Lake to 288 to Chester road all via outlaw ATV trails). The old C&O rail road bed from Swift Creek lake in Colonial Heights along the west side of Branders bridge road to the Chester linear park ~ which if continued via old rail line would extend across Chester Rd. to Mores lake area would make an awesome southern loop.
104	Commute to downtown Richmond

177	High Bridge Trail in Farmville, VA.
178	High Bridge Trail State Park, Cap2Cap trail near Charles City
179	Home neighborhood
180	HOME STREET, PARK
181	Hugenaut rd, river rd, trails
182	I am a long distance biker and typically ride in Goochland and Powhatan counties because the roads are less traveled by cars. I have bike envy very time I go to NOVA and see the extensive bike trails. Cant wait for the Richmond to Williamsburg route to complete. Would love to be able to ride from Chesterfield to Richmond but am not willing to navigate the traffic on River, Patterson or Midlothian.
183	I bicycle for exercise and recreation only. I have not biked regularly since the off-road bike trails at Ironbridge Park were replaced by First Tee. My daughter rides her bike at Harry G Daniels Park.
184	I bike along riverside dr. I used to live in Denver and biked regularly there but do not feel safe biking in Chesterfield. Drivers have forced me off the road twice in Virginia, and I am scared to ride anywhere of significance due to traffic. I would love to see a trail that linked major parks in Chesterfield with the new capitol trail from Richmond to Williamsburg.
185	I bike in the neighborhood(s), and at Rockwood Park.
186	I cannot bike at this point as much as I'd like to. I live off of busy roads with no bike paths and will not ride on the main roads.
187	I don't bike on the roads in Chester due to Safety concerns I drive to Pochantas Park and trail ride
188	I don't bike
189	I don't bike
190	I don't bike currently. I am uncomfortable biking on the road and I am not sure where else to go to bike.
191	I don't bike yet, my husband does occasionally.

If you bike now, whether in Chesterfield County or other places, where do you ride for recreation or transportation purposes?

192	I don't feel safe on Chesterfield County roads. They feel like highways instead of nice, community streets. Our family would love to ride more. Some of our favorite destinations are 1-2 miles away. Most are within 5 miles -- easy biking distances. But the roads don't accommodate cycling as a means of transportation.
193	I don't presently have a bike but would like to have one. I've hesitated because I would have to haul it somewhere to ride as I don't feel safe on the roads around my neighborhood.
194	I don't ride as i did 10 years ago but I would to to Richmond River trails or to Poor Farm in Hanover.
195	I don't ride at all anymore because there are zero safe roads or paths near my home. If there were safe bike lanes or pathways I would bike to shop, to visit friends and relatives, and just for enjoyment.
196	I drive to less traffic areas, neighborhood
197	I go to the Captial Trail in Williamsburg. I also bike around military bases such as Chetham Annex and Dam Neck.
198	I go to West Creek in Henrico County.
199	I Have a 22 mile commute that stars in Henrico, goes through the city and ends in eastern Henrico. I also Bike in Hanover County for recreation
200	I like to ride at the Pony Pasture and just discovered biking at Robious Landing.
201	I live in the Near West End and Bike to all shops and restaurants in the Fan/Carytown. In Chesterfield I ride to parts of Bon Air (Huguenot Bridge) and Pocahontas State Park.
202	I occasionally ride through neighborhood streets to Richmond's slightly more bicycle-friendly roads, traveling to the river or even fully over to the Monroe Park area. I more regularly ride the bike paths (via car) in Pocahontas State Park; additionally Robius Park, Lewis G Daniel Park, Deep Run Park and the areas around the Capital trail.
203	I ride for recreation and health. I ride In chesterfield only on lower traveled streets in early morning hours when traffic is minimal. Many imes I must load my bike into my vehicle and tavel to thses streets becasue the road network will not allow me to ride there. Too dangerous. And it seems in Chesterfield the drivers are the most inconsiderate. Many times over, I load my bike and travel to other less congested counties (New Kent, Dinwiddie, Prince George, etc..) and ride. The roads are less traveled and it SEEMS the drivers are more considerate. I would love to ride from one side of Chesterfeiled to the other, and back. But cannot because it wouyld require me to ride on heavily congested roads that have no bike lanes. Some have shoulders but thay are not maintained and there is debris that dames the bike tires.
204	I ride from Settler's Landing to 288 and back for recreation, and from Settler's Landing to Forest Hill Park, and from Settler's Landing to Carytown.

If you bike now, whether in Chesterfield County or other places, where do you ride for recreation or transportation purposes?

205	I ride in Richmond and Newport News. Mostly in the road / bike lanes or sidewalks if traffic is too heavy and I feel I'm in danger.
206	I ride in the Midlothian area to Richmond/Ashland. I would ride farther south, but the bike lanes and traffic gets worse after the courthouse area.
207	I ride mostly in the northern end of the county to Richmond and loop back. I ride along courthouse road where it is semi safe from lucks lane to midlo turnpike. I use the robious road bike lanes on one of my loops. I ride from lucks lane area to the chesterfield courthouse area to work. However, white pine road by the airport is dangerous due to large trucks. Also going under 288 on Rt 10 is very dangerous with cars entering and exiting.
208	I ride on streets and trails for recreation.I ride roads to get to work.
209	I ride on the country roads in the western part of the county. I prefer the weekends when traffic volume is low.
210	I ride on the linear trail which goes for about 27 miles through the country side, away from traffic. This trail is for bikes, walk/runners, and horse back riders.
211	I ride on the road, with the exception of streets that are pretty fast (over 25mph) or multiple lanes of traffic going in the same direction. I find these streets often encourage drivers to 'tune out' and be less responsive to walkers and bikers. So I try to bike on a sidewalk on those roads, or avoid them all together if I can.They say every time someone bikes on a sidewalk it's a clear example of where we need protected bike lanes. People need that route to travel but don't feel safe on the road. They need protection.
212	I ride on the roads. Safety is a large issue, and varies depending on the road, and the municipality.
213	I ride only where I feel safe in the city, which includes off major roads and streets with little traffic in Richmond city. This includes Riverside Drive and into neighborhoods of Chesterfield County where there is little car traffic. Also I travel to areas of the counties of Henrico, Chesterfield, Varina, Goochland and Charles City where there are known areas with little traffic.
214	I ride recreationally off road on mountain bikes.
215	I ride thru neighborhood byway to James River and on to Pony Pasture along river for recreation. For shorter ride, use Crestwood neighborhood backroads. Ride bike thru neighborhood backroads to Bon Air library and BACA pool.
216	i ride to pocahontas state park and at the park and back home.(dangerous ride on spring run and beach roads)
217	I ride to work in in Chesterfield County occasionally. For recreation, I occasionally ride around the neighborhood but prefer to ride in Hanover and Goochland.
218	I ride trails and roads for recreation purposes.I ride roads for transportation purposes.

If you bike now, whether in Chesterfield County or other places, where do you ride for recreation or transportation purposes?

219	I ride with RABA (Richmond Area Bicycling Association). We do group rides in surrounding counties including Chesterfield. When I ride alone I usually ride from my home off Beach Road and head west toward less travelled roads.
220	I use the roads with a bike path and then use the wider roads with room for a bike and auto. It is impossible to find a direct route and sometime difficult to find a "safe" route at all.
221	I usually ride behind the Court houses since there is very little traffic and its much safer or I ride with friends in their developments which also has very limited traffic.
222	I usually ride with the Richmond Ski Club, who plans bike trips around the Commonwealth.
223	I will ride on Whitepine Rd since it typically has little traffic and I will ride on Iron Bridge Rd. due to the bike lane for a few miles. I will also ride on the roads around Pocahontas State Park because drivers seem to be more aware of cyclists on the roads. I try not to ride anywhere else because frankly the roads in this county have absolutely no shoulder and it is a scary thought to be that close to traffic with no where to go.
224	In and around my neighborhood and along Robious Road.
225	In Chesterfield county i try to bicycle commute down courthouse to Johnston Willis hospital where I work. It is dangerous. Even in the bike lane I am nearly hit (or actually grazed!) on a daily basis. People treat the bike lane like a parking lot or a turn late. Plus, having no bike lane at the intersection for Powhite Parkway makes things even more difficult because cars act even more irrationally at these sections. We wend up driving to DC to use the Mount Vernon Trail or head to Ashland or even go home to NC to use their bike lanes to get in the long distance cycling we like to do. It will ultimately be the poor cycling infastructure that will cause us to leave the Chesterfield area.
226	In Chesterfield only bike now on Brandermill paths. I no longer have tolerance for traffic, so I usually put the bike on the car and drive to High Bridge or the Cap Trail.
227	in my closed loop neighborhood
228	In my development
229	In my neighborhood
230	in my neighborhood
231	In my neighborhood
232	In my neighborhood
233	In my neighborhood
234	in my neighborhood (Salisbury)
235	In my neighborhood and State parks
236	IN MY NEIGHBORHOOD BUT IT IS HILLY AND DIFFICULT.
237	In my neighborhood on side streets; there are also sidewalkson the main street in the village.

If you bike now, whether in Chesterfield County or other places, where do you ride for recreation or transportation purposes?

238	in my neighborhood only
239	In my neighborhood or poor farm park in Hanover county
240	In my neighborhood or the adjacent community.
241	In my neighborhood.
242	In my neighborhood. Without bike paths or sidewalks, nowhere else is safe.
243	in my neighborhoodgovernment center trailcapital to capital trail one time
244	In neighborhood
245	In neighborhood via inter neighborhood paths
246	In neighborhood without any sidewalks
247	In neighborhood, not further because no safe, dedicated areas.
248	In neighborhood, too dangerous for seniors to ride active roadways
249	In neighborhoods, especially ones that are closely connected so I am on the busier roads less often.
250	In our neighborhood
251	In our neighborhood- triple Crown. Brandermill trails Pocahontas state park
252	in our neighborhood, but we don't have sidewalks or bike paths
253	In our subdivision, of course, but also:Branders Bridge Rd, Bradley Bridge Rd, Woodpecker Rd, Hickory Rd, River Rd, Nash Rd, Cattail Rd, etc. Mainly back roads for exercise & recreation. Roads like these need improvements - wider shoulders would go a long way.I will ride on Rt. 10 and Rt. 1 if I'm going somewhere. I've used the bike lane on 10 quite a lot - I wish it went further into town. Bike lanes are where it's at!

287	local neighborhood
288	Local neighborhood streets
289	Local neighborhoods
290	Local pool, Point of Rocks Park, School
291	local schools, neighborhood street
292	Locally in Midlothian, Old Gun and Cherokee Road
293	Lucks Lane to Charter Colony to Old Hundred, then either to Rt. 60 to Huguenot Springs to Robious Rd. to Winterfield to Rt. 60 to Woolridge to Charter Colony to Lucks Lane; or to Otterdale to Genito to Woolridge to Watermill Pkwy to Old Hundred to Charter Colony to Lucks Lane...basically west, away from developments and traffic, but that's getting harder to find
294	Lucks Lane/Walton Park
295	main roads throughout
296	main roads with wide shoulders, portions of route 10 and Jeff Davis. near chesterfield airport, capital trail
297	Meadoville Technology AreaEnon AreaDutch Gap Conservation AreaPocahontas State Park
298	Middle, southern areas
299	Midlo turnpike, Old Hundred out to Otterdale, Genito etc out into Powhatan County
300	Midlo-Mines Park
301	Midlothian
302	Midlothian & Moseley area

If you bike now, whether in Chesterfield County or other places, where do you ride for recreation or transportation purposes?

303	Midlothian area near Luck's Lane and Coalfield Rd.
304	Midlothian mines
305	Midlothian Mines Park is the only place I can go out with my kids (7&8) and In our neighborhood, The Grove. Other parks that I love like Rockwood are just too hilly for the kids. Having Bike lanes would be a HUGE improvement...it would create a visual barrier for my kids and allow us to explore many more placesWe take our bikes to many of the state park systems...including High Bridge Trail and Chippokes State park! Great, safe biking for the entire family!
306	Midlothian turnpike, Woolridge road, Old Buckingham road, Huguenot road (all the way until it turns into Cary st.)
307	Midlothian Village corridor extending to Westchester shopping center west of midlothian village
308	Most commonly in our neighborhood, then secondly at Pocahontas State Park, for recreation with our dogs and trailers.
309	Mostly around Pocahontas State Park.
310	Mostly in Midlothian, old gun road, robious road, Richmond from mildothian to east end. west end hanover
311	Mostly parks and neighborhoods but will occasionally travel to places like Farmville, Williamsburg and Lynchburg to take advantage of bike trails
312	Mostly recreation, but sometimes errands.
313	Mostly roads in Midlothian that are not heavily trafficked or ones that have bike lanes.Occasionally on paths in local parks.
314	Mostly the neighborhood around Thomas Dale High School
315	Mountain bike trails in JRPS and Pocahontas SP
316	Mountain bike trails, urban/suburban assault
317	Mountain biking, trails

416	neighborhoodstate park
417	NeighborhoodStationary bike spinner
418	Never in ChesterfieldGoochland CountyWest Creek
419	none
420	none because of lack of access from our neighborhood.
421	North west area of Richmond or directly to the east of the city. Rarely go into Chesterfield Co because it does not seem safety accessible.
422	Northern Chesterfield area. Turner, Boulders Parkway, Providence (suicide drive) and Jahnke Road (another suicide drive, very dangerous). Lack of cross walks makes if very difficult to cross midlothian turnpike. bike is not heavy enough to trigger sensor to turn light, therefore I am forced to run red lights to get through intersections
423	Northwestern Chesterfield but rarely Huguenot road because the road is unsafe for anything but cars.
424	Not on roads but shady parks
425	Not sure I understand the question. On the road, I ride on the right shoulder, with traffic. Where I ride on a map, mostly in Goochland at West Creek for training, but would like to ride anywhere up or down Midlothian Tnpk.
426	nowhere
427	Nowhere

428	Off road beside Falling Creek down to the James River and then south. My husband takes our teenagers there. I am concerned for their safety as there are no bike paths there yet. We prefer to ride our bikes from home as opposed to loading them up to take a ride. We sometimes ride to Bensley Community Center and around the Bensley neighborhood. There are no good places to ride in our area. We are anxiously waiting for the Falling Creek / Ironworks park to open with paths for us. My husband and I used to bike along Jeff Davis Highway (before we had kids) into Richmond for training for a century ride. We have taken several trips to the bike trail along Rt. 5. We have also done several rides on the path from Mount Vernon that connects to DC. We love the tow path along the old canal and have been as far as Harper's Ferry.
429	Old Bon Air Road, Robious Road, Salisbury subdivision
430	Old Gun and Cherokee Around Salisbury Goochland Powhatan Rt. 5 out in Varina Eastern Henrico Hardly bike in Chesterfield because of traffic and little consideration for cyclists
431	Old Gun Rd. Area (though limited on Old Gun due to safety concerns). Some parks - Powhite, Robious Landing, James River Parks and trails, Byrd Park, Poor Farm Park
432	Old Gun Road
433	Old Hundred Road Genito Road Charter Colony Parkway Courthouse Road Lucks Lane Pinetta Road Jahnke Road Buford Road North Woolridge Rd Woolridge Rd Otterdale Rd
434	On Courthouse Road between Chesterfield Town Center and Route 288. I take my kids to ride at Rockwood Park and in our neighborhood (Brandon). of which... the bike lane on Courthouse over the Powhite Parkway is not fully paved. I have to veer towards traffic to get around unpaved portions, dangerously close to oncoming cars! NOT SAFE and I would love to see that fixed!
435	On lightly travelled roads in Powhatan
436	On neighborhood roads
437	On paved bike/walking paths
438	On paved trails, rails to trails, road biking for organized events with protection from traffic
439	on recreational trips - mainly outside the county.
440	On separate bike paths while vacationing.
441	On the neighborhood streets
442	On the road
443	Only in my neighborhood
444	Only in my own neighborhood because nearby streets have no shoulders or sidewalks
445	only in the neighborhood - too dangerous on Chalkley and Chester Roads - the only streets outside the neighborhood,

If you bike now, whether in Chesterfield County or other places, where do you ride for recreation or transportation purposes?

446	Only in the neighborhood due to safety concerns.
447	Only on designated, separate trails in parks/neighborhoods, for recreation.
448	Only park because roads are unsafe for biking/walking right now
449	Only very near the house. Lack of any kind of sidewalk or shared use path makes it impossible for young children to use their bikes in many parts of Chesterfield County.
450	Osborne Rd, Rt 10
451	Other places, mostly only on vacation while visiting bike friendly communities.
452	Otterdale Rd
453	Out Duval and Otterdale, Genito and all back roads to avoid trafficoccasionally mountain bike at Pocahontas
454	out in the country.
455	Outside of the river's bend community long streets low traffic on weekends and late in evening
456	Parents live there, sometimes ride from home to their house.

605	Recreation
606	Recreation
607	Recreation - Out in the country or on marked bike routes. Transportation - Through Richmond & Chesterfield.
608	Recreation - Pocahontas State Park, Fairfax County (W&OD Bike trail), Maryland (C&O Canal Tow Path), New York City (organized bike ride)
609	recreation - pocohantas park
610	Recreation - Through neighborhood to Point of Rocks Park
611	Recreation - Winterfield, Robious (the hill heading west from winte field to 288 is a nightmare and I know its powhatan but someone will be hurtâ€¦ Old Gun, Salisbury, Old Hundred. Genito, etcOften ride to the city for shopping, servicing my car because I can't ride from Midlo turnpike safely to 23113, but I can ride back from the city in relative safety..
612	recreation and transportation
613	recreation around our neighborhood trails in Magnolia Green
614	Recreation is Pocahontas State Park hands down. Transportation would be generally anywhere in Chesterfield I need to go via the roads

If you bike now, whether in Chesterfield County or other places, where do you ride for recreation or transportation purposes?

615	Recreation only in Walton Park and Walton Lake neighborhoods, and Midlothian Mines Park
616	recreation to shop, fitness center, trails and roadways
617	Recreation within the neighborhood. Would love to expand the area to bike/ride with children from our home but there are no sidewalks in the neighborhood nor along/crossing the main road (Lucks Ln) to get us to further destinations. Really wish there were sidewalks in the neighborhood. There is certainly enough room in the roadway cross section to accomodate one (as well as some traffic calming techniques). The way the neighborhood (St. James West) is designed is that there are 2-3 main corridors in the neighborhood and everything else is a culdesac spur from the main road. Therefore you get a lot of traffic on the main roads because everyone is forced to the main roads by design and there are no sidewalks along the main roads. Pedestrians find themselves having to be very careful (esp with children) navigating a walk or bike ride along these roads. The wider residential roadway cross section tends to increase driving speeds. It gets especially tricky for bikers/peds when the road has a curvilinear alignment and no sidewalk.
618	recreation, parks
619	recreation.
620	Recreation: roads - primarily neighborhood streets and other, less highly traveled roads. Transportation: sidewalks along Hull Street (Rte 360) because of traffic; there is no safe way to ride on that road.
621	Recreation: Henrico/Hanover Henrico (Varina area) Cosby HS out into Powhatan Waverly, VA area Jamestown/Smithfield Note - Recreational rides are usually circuits with start/end points being the same Transportation - I will ride from the Bon Air area, where I live, into Richmond for events. Example: I volunteered for the Collegiate Cycling Championships and cycled to my assigned spot from home and then back when I was done.
622	Recreational in my neighborhood (Woodlake). Years ago Pocahontas state park.
623	Recreation Pocahontas st park Chesdin Lake area
624	Richard Bland College area, low traffic
625	Richard Bland College, Pocahontas State Park, Woodpecker, Nash road, Winterpock
626	Richard Bland College Varina area Winterpock area Woodpecker & Nash Rd area Waverly area
627	Richmond
628	Richmond near work at Sports Backers Stadium
629	Richmond, Ashland, Henrico
630	Ride around Enon area between Hopewell & I-95 at exit 64 All riding is for exercise/training and recreation. Too dangerous to ride for transportation purposes (rush hour on rt. 10)

631	Ride around the neighborhood for exercise. Rockwood Park trails for exercise. Would love be able to ride to Rockwood Park, but not on Courthouse Road without bike improvements. Would ride bike to Food Lion, but not on Lucks Lane.
632	Ride in another neighborhood, but have to walk the bike to get there because there are no sidewalks or bike paths.
633	ride on off-road trails for recreation (and transportation when available)
634	Ride only for recreational (RABA rides):Crump Park (Glen Allen into Hanover County)Laurel Park Shopping Center (up to Hanover County)Portabella Restaurant (Rt 5 and around RIC airport)
635	Ride Otterdale to duval and back. Otterdale is a nightmare.
636	Ride road bike primarily in Petersburg in the Richard Bland college area. Many rural roads with little traffic, and friendly, patient people! Not the case in Chesterfield County right now - much traffic, very impatient drivers.
637	Ride through neighborhood trails, but they don't really lead anywhere useful.
638	Rides in Chesterfield from Swift Creek Presbyterian and Bethia Methodist churches, rides around Rockville and Hanover courthouse in Hanover and from the Laurel Park Shopping Center and from the shopping center at Strath and Woodman roads.
639	Right now we only ride around our neighborhood (Brighton Green) because there are not connections to other neighborhoods (besides unsafe roads like Pinetta, Burfor and Midlothian Tnpk)Our child is almost old enough for family outings on the Virginia Capital Trail! We will definitely be using that facility, and it would be wonderful if Chesterfield Co Parks and Rec AND Transportation Departments (collaboration!) developed a network of shared use pathways in the County -- these could include safe on-road segments as needed.
640	River's Bend AreaEnon, VA near the Amazon facility

714	Tarrington, Salisbury, Robious Landing Park, Old Gun Road, Cherokee Road, Riverside Drive

If you bike now, whether in Chesterfield County or other places, where do you ride for recreation or transportation purposes?

715	The Battlefield in Petersburg, VA.
716	the Capital Trail
717	The Capitol Trail in Charles CityThe BeachRiver Road
718	The country roads near my house here in c'field, I particularly like going to FarmVille to the High Bridge trail and wish there was a trail like that closer to home - I love a flat, off road trail
719	The HighlandsWoodland PondRichmond BattlefieldPetersburg Battlefield
720	The mountains (Douthat State Park), James River Park System trails (Buttermilk and North Bank), Pocohantas State Park, Deer Run Neighborhood, Hull Street Road.
721	The neighborhood and dining room on a stationary bike.
722	The Neighborhood near my house (Highlands)
723	the neighborhood of Salisbury
724	There are no safe places in the Matoaca area to ride bikes.
725	Things aren't convenient. Very spread out and many roads with narrow shoulders and inconsiderate drivers
726	Through Moseley and Midlothian
727	Through my neighborhood but I can't go as far as I would like to. I also ride at the gym.
728	through neighborhoods (roxshire, salisbury)
729	through quiet neighborhoods away from heavy traffic.
730	Through Stonehenge neighborhood--easiest access from our home on bikes. Brandermill neighborhood as they have bike paths; Westcreek Office Plaza area.
731	Through the Greenfield subdivision
732	To and from ACAC on Robious RoadTo and from work
733	To Ecoff Elementary School/Goyne Park through Wellington Farms Trail, but no connectivity from the school to Chester Linear Path to get to shopping and retail in chester village, including farmer's market.
734	to Henricus and Pocohantas
735	To the fitness clubstate Parks
736	To the park....Harry Daniels
737	To work in Colonial Heights using Branders Bridge road
738	Trails (road trails not mountain bike)
739	trails and neighborhoods at specific times to avoid heavy traffic
740	trails around the Chesterfield Courthouse
741	trails away from traffic
742	trails by fair grounds
743	Trails, parks, etc.
744	Trails, Parks, streets
745	Trails, streets & shopping/eating

If you bike now, whether in Chesterfield County or other places, where do you ride for recreation or transportation purposes?

746	Transportation = NONE, Recreation = Winterfield, Robious, Salisbury, Old Gun, Charter Colony, Otterdale and around Swift Creek. In Richmond (trails), Henrico and Goochland (roads)
747	Transportation- ACAC, Robious Elementary, Bon Air Animal Hospital Recreation- The current bike route up and down Old Gun, Pony Pasture, Robious Road out towards Powhatan, Many of the communities throughout the area
748	Try to stay on less traffic back roads and bike designated roadways.
749	Two lane back/country roads usually with no shoulders and through housing developments.
750	University of Richmond
751	Used to ride a lot on Old Hundred Road, Skin Quarter Rd, Mt Hermon Rd, Genito Road, Otterdale, but do that much less any more due to increased traffic/construction... Nowadays stick mainly to Coalfield Road, Charter Colony and sometimes go over to West Creek Park - all for Fitness/recreation.
752	usually rail to trail or multi-use trails in Virginia (and occasionally outside of VA (NC, MD, etc.)
753	Usually ride in residential areas avoiding busy roads whenever possible.
754	Varina, prince george, dinwiddie, out of state
755	VarinaAshlandChurch Hill
756	VarinaSalsbury neighborhoodRobious to Old Gun to Pony Pasture
757	VCU, Riverside Dr. in Richmond, Byrd Park and The Fan in Richmond
758	VCU-The Fan in RichmondChesterfield Airport AreaRiverside Drive RichmondCrestwood Farms neighborhoodRiver Walk Richmond
759	Very, very, very, very, very close to home. It's frightening out on the real roads!
760	walton park neighborhoodmidlothian librarywalton park pool
761	Walton Park neighborhoodThe Grove neighborhoodMidlothian libraryMidlothian mines park and adjacent lakeQueensmill neighborhood
762	Want to bike on paths around Foxcroft, but paths are very narrow. Want to bike to reservoir, but hard to get to. Want to bike to friends house from Foxcroft to Woodlake but cannot connect easily. Paths need to connect between subdivisions. Require that developers make connecting paths. Kids in Foxcroft cannot bike to Woolridge ES safely. No direct path for them along the Woodlake parkway. Why did they not make a nice path along side of the road???
763	We are triathletes...ride in/from West Creek, from Foxcroft and the Highlands, River Road to Pocahontas State Park. Will not ride from Charter Colony during high traffic times.
764	We bring our bikes to a park.

765	We do not ride in Chesterfield because we live off woolridge road and there is no bile bath or even a sidewalk, path. We are very disappointed that recent road widenings and improvements do not include sidewalks, in particular along Woolridge were the Swift creek reservoir bridge was widened but no walking or bile paths were added. With the lack of paths along woolridge, there is currently no safe way to walk from the Edgewater neighborhood trails and path along Water Mill Pkwy to Woodlake trails and Woolridge Elem. School. The planned road widening and new neighborhoods do not seem to include basic sidewalks or paths.
766	We only let the kids bike at parks with internal trails (preferably paved) that are separate from vehicle traffic.
767	We ride bikes in our neighborhood of Collington only.
768	We ride on the Buttermilk and Northbank trails in Richmond. We also ride in Pocahontas State Park. Sometimes, but very rarely, I ride my bike to the grocery store or YMCA.
769	We use Brandermill's trails
770	West Chesterfield and Enon
771	West Creek business parkRiver Rd (Chesterfield)Brandermill trails
772	West Creek Parkway, Charter Colony Road, Genito Road, Courthouse Road

774	West creek Pink Power triathlon bike route Queensmill
775	West Creek, Chesterfield and Amelia roads with as little traffic as possible
776	West Creek, Goochland, Ashland, Amelia, new kent
777	West creek, Hanover, lake Anna
778	West Creek, Nuckols Rd corridor, Pouncey Tract west
779	West CreekNeighborhood - to poolCapital TrailHighbridge Trail
780	west creekwilliamsburg
781	Westcreek Parkway - Saturday mornings - very little trafficRiverside Drive - Sunday morning very little traffic
782	Western county
783	Western part of county - Skinquarter, Outterdale, Duval, Genito, WoolridgePocahontas Park
784	When I lived in Richmond I biked everywhere-- things were convenient that way and it was easier than driving. In the county, there is not a supportive culture of bike riders
785	When I ride, I ride in parks. I do not ride for transportation purposes.
786	Will need to learn to ride the bike
787	Williamsburg for recreation.
788	Within 10 miles of my home in Rosemont
789	Within 5 miles of my house or Pocahontas State Park or Robious Landing Park
790	Within Magnolia Green (anything outside is too dangerous with the roads)
791	Within my neighborhood

If you bike now, whether in Chesterfield County or other places, where do you ride for recreation or transportation purposes?

792	Within my neighborhood (Roxshire)From home to ACACFrom home to Robious Middle School/Huguenot Little LeagueFrom home to Kroger at Bellgrade
793	Within Pocahontas State Park
794	WODcapital trailva beach
795	Wood lake
796	Woodlake
797	Woodlake and around
798	Woodlake and around
799	woodlake bike trails, pocohontas state park
800	Woodlake paths- however not clearly marked and have gotten lost several times.Pocahontas Park trails- however most trails are too difficult for my son to ride.
801	woodlake pike paths
802	Woodlake trails
803	Woodlake, Brandermill
804	Woodlake, state park only places with a bike trail.
805	WoodlakeBrandermillRockwoodPocahontas State Park
806	Woolridge/Coalfield area - around the Mines Park, the pond, and The Grove
807	Would bike to work as often as possible- have done it intermittently. It is only three miles. Have ridden bike to resteraunts, department stores (such as Target) and pharmacy that used to be close. Have also ridden bike to a grocery store for small items. When I travel, I have chosen towns DELIBERATELY that are bike friendly, such as Portland, Austin Tx, or Washington DC. We put our car in a garage, and bike everywhere we can. It is a far better way to see a vacation spot than any other.
808	Yes
809	YMCA
810	York River State Park, Poor Farm Park, Pole Green Park,
